National Osteology Symposium

26-28 Septembre 2024

Paris

Maison de la Chimie

The Beauty of Regeneration
La Beauté de la Régénération

Thursday, September 26

MORNING

Workshops Osteology

Microsurgical approach to periodontal plastic surgery

Mathieu Giusti et Sébastien Piscitello

Treatment of peri-implant defects using regeneration

Philippe Doucet et Frédéric Duffau

Workshops Geistlich

Tentpole technique with Umbrella Screws

🌐 Markus Schlee

Bioregeneration and Polynucleotides : new concepts in hard and soft tissues regeneration with Regenfast®

🌐 Mario Beretta

Workshop Meisinger

Sausage technique™: tips and latest developments

Sébastien Monlezun

AFTERNOON

Basics for beautiful regeneration : Limiting errors and complications in periodontal and implant surgery

Moderator : Caroline Fouque

Patient-based criteria for successful periodontal and implant surgery

🌐 Giovanni Salvi

Are we ready for take-off?

Franck Renouard

Current criteria for peri-implant volumes – Consequences of uncompensated bone and mucosal defects

Guillaume Heller

Moderator : Emmanuelle Ettedgui

Making bone reconstruction predictable and sustainable

Aurélien Thollot et Romain Chaleil

Reliability of immediate implantation in aesthetic zones: key factors

Hervé Buatois et Nicolas Guillon

SOS peri-implant diseases! Can peri-implant diseases be prevented?

Brenda Mertens

Friday, September 27

MORNING

Beauty of Regeneration in Implantology : Improve bone conditions around implants

Moderator : Frédéric Philippart

Biologic basis of bone regeneration : 35 years of GBR

🌐 Christer Dahlin

Hybrid Bone Regeneration® or Zero Autogenous Bone® Georges Khoury

Vertical and horizontal bone regeneration : how far can we go ?

🌐 Istvan Urban

Vidéos battle

Moderator : Hélène Arnal

Bone augmentation with CAD/CAM grid Pierre Marin

Augmentation with autogenous blocks: Shell Technique Romain Doliveux

AFTERNOON

Beauty of Regeneration in Implantology : Improving mucosal conditions around implants

Moderator: Anton Sculean

Peri-implant soft tissue integration and management 🌐 Mario Rocuzzo

Soft tissue management after major bone grafts : the labial strip

🌐 Istvan Urban

Moderator: Marin Pomperski

Immediacy and delayed implant concepts in the esthetic zone : when and how we push the limits ? 🌐 Stavros Pelekanos

Sculpting the peri-implant soft tissue with provisional restorations 🌐 Oscar Gonzalez Martin

Saturday, September 28

MORNING

**Beauty of Regeneration around teeth :
Improving dental prognosis.**

Moderator: Mariano Sanz

Regeneration of intrabony lesions

🌐 Giulio Rasperini

Regeneration of furcation lesions

🌐 Nikos Donos

Moderator : Virginie Monnet Corti

Treatment of severe recessions.

What are the limits ?

🌐 Martina Stefanini

**100% recovery: myth or reality in periodontal
plastic surgery?**

parodontale ?

Perrine Balland

Can connective tissue be replaced by substitutes?

If so, which ones? And under what conditions?

Sofia Aroca

Poster Session :

**New developments in periodontics and
implantology**

Scientific comitee :

Virginie Monnet Corti and Mariano Sanz

🌐 **Conférenciers internationaux**

An English-French translation of these lectures
will be provided

Scientific chairmen

**Hélène
Arnal**
Paris

**Emmanuelle
Ettedgui**
Paris

**Anton
Sculean**
Berne

Speakers/Moderators

Aurélien Thollot
Vienne

Brenda Mertens
